

Errata

Fire Safety of External Building Elements— The Design Approach

Paper presented by MARGARET LAW (2nd Quarter 1978)

The following errors in the subject paper occurred during production and are entirely the responsibility of the editor.

Page 60:

Col. 1, para. 4, line 3: "flow area" should read "floor area".

Col. 2, para. 6, line 10: delete "to" at end of line.

Page 62:

Col. 2, para. 3, line 2: "underwriters'" should read "Underwriters'".

Page 64:

Col. 1, para. 1, line 4: "buring" should read "burning".

Col. 2, caption for Fig. 9, 3rd line: "*Range of f*" should read "*Range of u*".

Page 65

Col. 1, Fig. 12: "Step fu" should read "Step function".

Col. 1, para. 1, line 14: "as assumption" should read "an assumption".

Col. 2, para. 1, line 3: " $\simeq 0.5$ " should read " ≈ 0.5 ".

Page 66:

Col. 1, para 2, line 5: " T_a " should read " T_a ".

Page 67:

Col. 2, para. 2, line 11: " $\simeq 9.6$ " should read " ≈ 9.6 ".

Col. 2, para. 3, line 2: "till include" should read "will include".

Page 68:

Col. 1, para. 2, line 15: " $I_z \simeq$ " should read " $I_z \approx$ ".

Page 69:

The captions for figs. 18 and 19 should be interchanged; Fig. 19 is actually in col. 1 and Fig. 18 is in col. 2.

Page 72:

Line 3: Delete the horizontal rule below. The term "no-wall" refers only to line 3.

Line 6: In col. 2, " $\frac{\theta_z}{\theta_\rho}$ " should read " $\frac{\theta_z}{\theta_o}$ ".

In cols. 3 and 4, " $\frac{l_w}{R}$ " should read " $\frac{l_w}{R}$ ".

Page 73:

Col. 1, Nomenclature, line 3: " $A_T = A_F = 2H(D + W) - A_w$ " should read " $A_T = A_F + 2H(D + W) - A_w$ ".

Col. 1, Nomenclature, line 22: " $r_o = (A_w 2\pi)^{1/2}$ " should read " $r_o = (A_w/2\pi)^{1/2}$ ".

Col. 1, Nomenclature, line 41:

$$\Theta_z \left[\frac{r_0^5 c_z^2 \alpha_z^2 y}{R^2 C^2 T_a} \right]^{1/3} \text{ should read } \Theta_z \left[\frac{r_0^5 c_z^2 \rho_z^2 y}{R^2 C^2 T_a} \right]^{1/3}$$

Col. 2, Nomenclature, line 3: " T_F " should read " τ_F ".

Col. 2, Acknowledgment, line 2: "constructional" should read "Constructional".

Col. 2, Ref. 5: Title of paper should read "Fires in Model Rooms: CIB Research Programmes".

Col. 2, Ref. 9, line 2: "Structrual" should read "Structural".

Page 74:

Col. 1, Ref. 15, line 1: "ASHTON" should read "Ash-ton".
